

The LINEA impresses with its straightforward, minimalist design - and it is precisely this minimalism that makes it a real eye-catcher. In addition to its elegant appearance, the LINEA has a lot to offer especially in terms of versatility.

#### THE HIGHLIGHTS

Thanks to its very clear expression of design, the LINEA makes an impressive appearance in urban spaces.

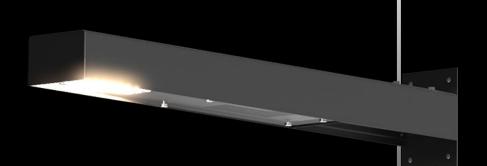

No minder impressive are the "inner values" and the possibilities and features that the LINEA offers.

- Luminaire body and LINEA pole in a stringent design
- Easy maintenance of the electrical unit
- Large selection of light colours optionally from 1800 K to 4000 K
- Wide range of system services for mounting heights up to 8000 mm
- Dimming via DALI, StepDim, AstroDim or ZHAGA interface possible
- Variety of optics for almost every lighting task

## THE LINEA THE COMPLETE

LINEA offers you a complete programme for the uniform design of urban spaces.

We offer the LINEA in different pole variants in the classic, minimalist expression of design.

Do you want the LINEA on an existing or conventional "round" pole? With pleasure. The LINEA MA is available as a classic pole-top-mounted luminaire.

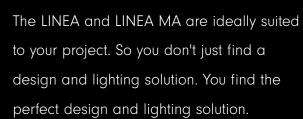

LINEA is also available as a wall-mounted luminaire and as an illuminating bollard - to perfectly round off the range.

Which LINEA - or which combination - do you prefer?

# LINEA AND LINEA MA MAXIMUM FLEXIBILITY FOR YOUR PROJECT

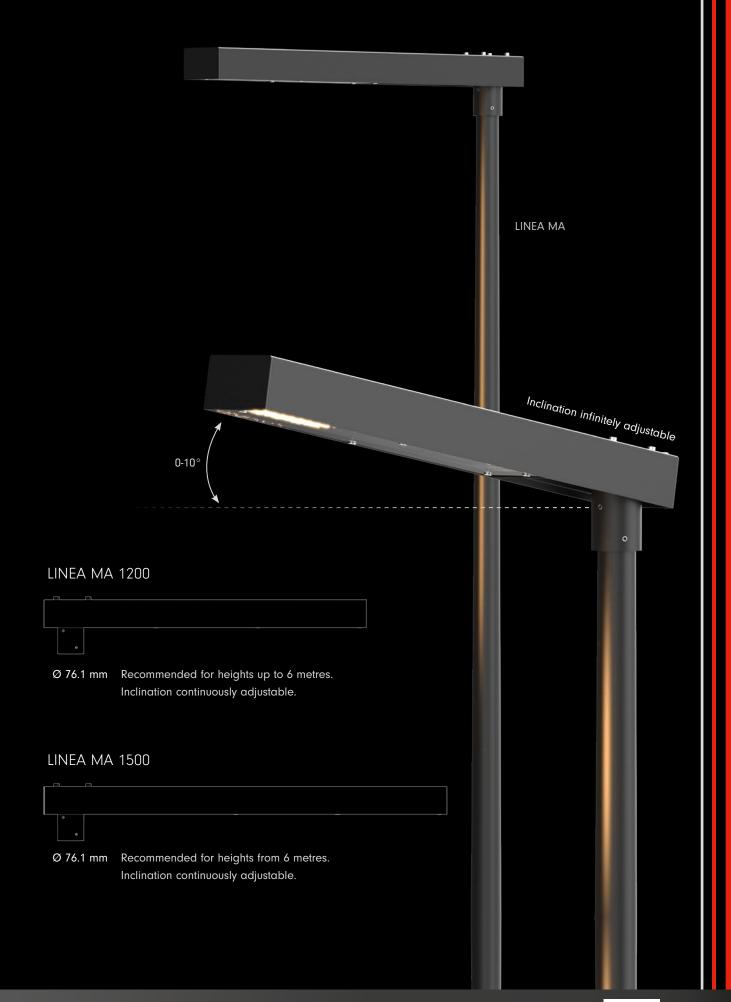

LINEA 1200

Suitable for Hess Linea-2 poles Inclination not adjustable.

LINEA 1500

Suitable for Hess Linea-2 poles Inclination not adjustable.

#### THE LINEA-ILLUMINATING BOLLARD

The LINEA illuminating bollard also impresses with its straightforward, minimalist design – and high-quality craftmanship.

The one-piece design makes it particularly resistant to vandalism.

On its own, the LINEA bollard is also an absolute eye-catcher.

And in combination with the LINEA polemounted luminaire, the result is an absolutely coherent overall concept for designing urban spaces – in a uniform and very stringent expression of design.

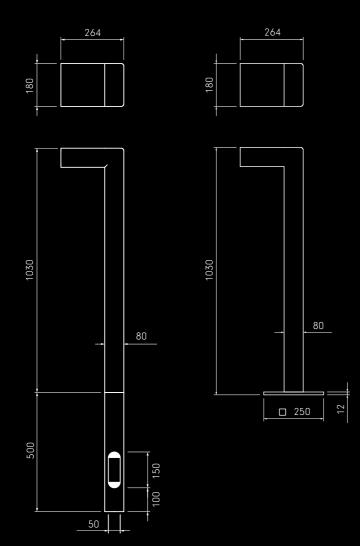

## ILLUMINATING BOLLARD HIGHLIGHTS

Developed for the highest requirements, especially for public areas, the LINEA illuminating bollard shines with a range of special features.

In addition to its extraordinary robustness, the illuminating bollard is easy to maintain - just in case.

In addition, the bollard can be controlled using a wide variety of light management systems - for high efficiency and sustainability.

### GREEN LINEA -GREEN HESS

With a ULOR of 0% and many opportunities to conserve resources and further reduce environmental impact, the LINEA fits seamlessly into our GREEN HESS strategy.

ULOR: 0 % (DarkSky compatible)

Predominantly warm light colours with a reduced blue component up to very efficient neutral white (1800 K - 4000 K)

Intelligent control integrated or with Zhaga

Dimming via DALI, StepDim or AstroDim

CIE FLUX code no. 3 > 95 % (proportion of light in % at a beam angle of 75.5°)
